A Little About Me

A little about me: I love the weight of a camera in my hand.
A little about me: I love getting the best shots of people and I love it when they exclaim they have never looked so good.
A little about me: I will try anything new at least once. A little about me: I like social things but not any big parties.
A little about me: I am reserved in new situations about me. I will try anything new. A little about me: Who I would like to meet
If you find me attractive or just have a sick feeling in your gut.
If the world invokes feelings of magic.
*I would like to meet if you want to talk to someone who thrives so much on feelings of magic.
I would like to meet if the world invokes feelings of magic, feelings of magic.

just someone who'd like to enjoy her life with me.
I am in my 50's but look 49.
I am not tall, not ugly, not fat.

Are you the right person?

My Name is Katy

Yes, my name is Katy.
I just moved here from the Midwest a few months ago.
I'm having fun getting to know the city. I work in politics and enjoy my job a lot.
I want my work to mean something and to make a difference.
I'm ambitious, but laid back, which means I take myself seriously at work, so I balance it by not taking myself seriously at all out of work.
I love laughing, hanging out with my friends and being outside.
I play ultimate frisbee. I want to learn Spanish, just started a garden (results to be determined), and trying to take LA one day at a time.
I'm really good at planning things. Keeping in touch with my best friends and family.
I'm really good at doing new things.
Eating Thai and Vietnamese food.
I'm really good at, good at laughing. I laugh a lot, at both dumb and actually funny things.
I'm bad at favorites but here's what I'm reading, watching, seeing, listening to, eating currently:
Books, *The Wild* a story of a woman who hiked the Pacific Coast Trail by herself, just finished *American Gods* by Neil Gaiman and *The Awakening* by Kate Chopin.
Movies, *Gangster Squad* (it was terrible), saw *Lincoln*, *Argo*, and *Les Misérables*.
I love movies in the theater or at home. I'll watch pretty much everything except horror, because I don't enjoy being nervous and I am very jumpy. I am very jumpy.
Shows, *Downton Abbey*, *Mad Men*, *Arrested Development*, *West Wing* and *New Girl*.
Music, last CD I bought was *The Heist* by Macklemore and Ryan Lewis; last concerts were Bonnie Raitt, Grizzly Bear and The Black Keys.
Food, I don't eat gluten; I eat most everything else. I love food.
I spend a lot of time thinking about how to be a more well-rounded person; how to know more; what I'm going to do next; if I should get a dog.
On a typical Friday night I am doing something low-key at home or at a dive bar.
I, I do love to go dancing and make a fool of myself, on occasion.

I wish I could own a dog

*I wish I could own a dog.
You should message me, if you wanna get real.
(repeat*)
I wish I could own a dog a shiba inu specifically, but leaving an animal alone all day would bum me out.
Sometimes on weekends I won't hear my own voice for several hours after waking up.
As a result of living alone.
I need to have people over on a regular basis, so I'm forced to keep my place tidy.
Last Friday I fell asleep at 9:30 pm.
The Friday before that I fell asleep at 6:30 am.
Right now I'm lying in my hammock, thinking about what a gorgeous Sunday it is, watching the sun go down.
I'm a born romantic looking for a modern fairytale.
(repeat*)
I wish I could own a dog, a shiba inu specifically.

Below 14th St

*29, petite, muscular soft butch seeks queer/femme sidekick.
Ideal day: read and dogwatch in the park, eat brick-oven pizza, imbibe at a dive bar, and trade awkward dance moves.
Tell me the best expensive cocktail you've had and I'll make one that will blow it away.
Please send cat pics.
(repeat*)

Small Breasts

I like girls with small breasts!
The smaller the better!
Member of the itty bitty titty committee!
There, I said it!

I'm a sassy little cookie

My background is both the creative arts field and science.
I'm looking for a partner in crime to enjoy the little things in life.
How about sword fight at the veggi section of the grocery store?
You can pick your own battle deciding between cucumber and zucchini.
I'll probably smoke your ass with my weapon of choice...
until the store clerk comes along and tells me to put the radish down.
I'm a sassy little cookie...
No pic, no reply.

Naughty girl

*I'm a naughty girl, naughty girl.
Can anyone handle me?
Forget the past, live only for tonight
How many loves have shared such pure delight?
I am the one. I am the one.
I have so much to show you so please take a look around.
I'm not your innocent looking girl next door.
I would love to share some of this excitement.
I'm not your innocent looking girl next door.
I am a naughty girl. Can anyone handle me?
I'm a naughty girl, naughty girl.
Can anyone handle me?

I love to make people laugh

I've just about decided this online world is full of more deluded people trying to pose as someone they aren't than real solid feminine women.
Do not bother contacting me if you aren't who you present yourself to be as I will not tolerate it.
*I'm the girl who was always better friends with guys than with other girls.
I've got a savage wit that sends people rolling...
I love to make people love to make people laugh.
I value my intelligence above all my other qualities.
The people I admire the most are those who reach for their dreams.
(repeat*)
I love to, love to make people laugh.

The Waiting Game

*When the mortgage is paid off, I will leave this miserable relationship.
When my kids are gone, I will leave this miserable relationship.
I'm getting too old to leave this miserable relationship.
(repeat* x 3)

Unconditional love

*All I have to give is unconditional love.
(repeat*)
I'm a very classic down-to-earth person with so much love and affection to give to the right person.
I love to love and I also love to be loved.
I have really been hurt in the past so I know what is true and unconditional love.
I am laid back and a very good listener.
I am super romantic and I assure my partner happiness and real love.
I hate games,
so I'm always true and honest with the one
I have fallen love with.
I fall in love easily
I, I guess that's why I get hurt but what's the point of falling and never want to get back up to your feet again.
I know the right person for me is out there and I won't rest till I finally meet that person.
My hobbies are making people happy and making my partner smile and be loved, and be loved.
I love to cook, dance, swim, go hiking, and I love writing love poems.
(repeat*)
I am very sensitive and I have a very good sense of humor.
I like to nibble and cuddle and best of all,
I love to kiss.
I can kiss my partner for hours without stopping.
(repeat*)

Grocery store and goofy smile

Dear "big goofy smile,"
you smiled at me on Barrow Street.
You ran into me again at the organic grocery store.
You are adorable. I looked for you before I left but you were already gone. I wanted to give you my number. :)
