THE FURTHEST DREAM OF YOUR BEING

I'm a fun-loving but level-headed woman with a lot of different interests and a full life--but what I'm really looking for right now is a man who can make me sweat. I love to work my body really hard in and outside the gym--but it's not easy to find a guy who can keep up with me, much less push me to the max. Think you can?

I'm new to NYC and have yet to meet any hot guys, so I'm a little lonely here.....but if you're lucky maybe you can keep me occupied. I'm looking for someone close to my age, sexy, beautiful, ambitious, and willing to take me out on the town.

I most resemble Richard Gere, when i am inspired by the woman I am with, the great depth and quality of my life experience come into play in very innovative and exciting ways..... let me help you explore the extreme heights of ecstasy you reach in the furthest dreams of your being.....

I LOVE TO MAKE PEOPLE LAUGH

I've just about decided that this online world is full of more delluded people trying to pose as someone they aren't than real and solid feminine women.

Do not bother contacting me if you aren't who you present yourself to be as I will not tolerate it. I'm the girl who was always

**better friends with the guys than the other girls.
I've got a savage wit that sends people rolling...
I love to make people
love to make people laugh.**

**#I value my intelligence above all my other qualities.
The people I admire the most are those
that are willing to reach for their dreams.**

**I'm the girl
I am the girl who was always better friends with the guys
guys than the other girls.
I've got a savage wit that sends people
I love to
I love to make people laugh.**

**Life wouldn't be the same
without safe seas.**

**We all take the sea for granted.
But that wouldn't be possible without the advanced naval
technology that is deployed around our shores.**

**Take the sophisticated Harpoon missiles.
These smart weapons, installed on the Navy's
Missile Corvettes, can destroy targets as far
as 90 km away.**

**To avoid detection by radar,
they travel at blistering speeds just a few feet
above the waves. They are deadly and they
are dependable.**

**But what's the best thing about these missiles?
They make sure you don't even have to think
about the sea.
Ever.**

YOUR EASY SOLUTION IS HERE

**When one realizes that his life is worthless
he either commmits suicide or travels.**

**Are we controlled by our thoughts, or are we controlling our
thoughts?**

Envy aims

Envy aims very high.

Here you will find it: You are completely anonymous!

**Is there some principal of nature which states that we never know
the quality of what we have until it is gone?**

**The most important thing a father can do for his children is to love
their mother.**

Don't talk to me about naval tradition.

Don't.

It's nothing but rum, sodomy and the lash.

**No one is better born than another, unless they are born with better
abilities and a more amiable disposition.**

**Freedom is the sure possession of those alone who have the
courage to defend it.**

**But his kiss was so sweet, and so closely he pressed, that I
languished and pined till I granted the rest.**

Fate leads him who follows it, and drags him who resist.

I AM GETTING MARRIED AUGUST 30TH

(I am getting married August 30th)
and my fiancée and I bought a house.
I am not living there quite yet.
Still at home with my family
I do sleep at the house on the weekends though.
I have been sleeping fine in the house until one day
till one day
I stayed there during a work week.
The whole night I could not sleep
I kept worrying about how
I was going to make it to work from there.
How I do? How I can?

Finally I took a gravol and that help put me to sleep.
Ever since that day I can no longer
no longer sleep

I have tried all sorts of pills but nothing.
but nothing
I went to the doctor
and he prescribed me some sort of sleeping pill,
it helped but sometimes it takes a while to kick in.

Anyway I don't want to get used to the pills.
The weird thing is when I leave my fiancée's place
I can sleep without any problems.
any problems.
it scares me sometimes the fact is
Then I think about stoping the wedding.

Anyway I haven't tired sleeping in the new house
since then,
guess I'm too scared to try
Can anyone give me some advice
and tell me what they think can be wrong.
Whole thing is depressing me
(yes) depressing

**I want to be able to
I want to be able to sleep in my new house.
I want to sleep in my new house.**

**(I am getting married August 30th)
posting first time on this site
please if anyone could help me
it would be great**
