04. I AM GETTING MARRIED AUGUST 30TH
In collaboration with MIKE BODE
I am getting married August 30th
and my fiance and I bought a house. I am not living there yet.
Still at home with my family
I do sleep at the house on the weekends though.
I have been sleeping fine in the house till one day..till one day
I stayed there during a work week.

The whole night I could not sleep I kept worrying about
how I was going to make it to work from there. How I do how I can?
Finally I took a gravel that help put me to sleep.
Ever since that day I can no longer no longer sleep

I have tried all sorts of pills but nothing but nothing
I went to the doctor and he prescribed me some sort of sleeping pill,
it helped but sometimes it takes a while to kick in.
Anyway I don't want to get used to the pills.
The weird thing is when I leave my fiance's place I can sleep without
any problems any problems. It scares me sometimes the fact is
Then I think about stoping the wedding.

Anyway I haven't tired sleeping in the new house since then,
guess I'm too scared to try.
Can anyone give me some advice?
Tell me what they think can be wrong. Whole thing is depressing me
(yes) depressing.

I want to able to be..I want to be able to sleep in my new house.
I want to sleep in my new house.
(I am getting married August 30th)
posting first time on this site please if anyone could help me with my
problem would be great

05. YOUR EASY SOLUTION IS HERE
When one realizes that his life is worthless worthless
he either commits suicide or travels.
Are we are we controlled by our thoughts, or are we are we
controlling our thoughts?

Envy aims, envy aims very high.Here you will find it:
You are completely anonymous.

Is there some principal of nature which states that we never
know the quality of what we have until it is gone?
The most important thing a father can do for his children is to love
their mother. Do not talk to me about naval tradition. Don't.
It's nothing but rum, sodomy and the lash.
(you are anonymous. here you are.)
No one is better born than another unless they are born with better
abilities and a more amiable disposition.
Freedom is the sure possession of those alone who have the
courage to defend it. But his kiss was so sweet,
and so closely he pressed that I languished and pined till I granted
the rest.
Fate leads him who follows it, and drags him who resist.

We best avoid wars by taking even physical action to stop small
ones. If we do not find anything very pleasant,
We best avoid wars by taking even physical action to stop small
ones, at least at least we shall find something new
(so sweet his kiss was so sweet)

A man thinks he amounts to a great deal but to a flea
or a mosquito a human being is merely something good to eat

07. SOMEONE

Someone is reaching out for you, but you're not there.
What would you say if they called on you now
And said Please love me or I'll be gone.

09. I LOVE TO MAKE PEOPLE LAUGH
from the project " The furthest dream of your being "
In collaboration with JOHN MILLER
I've just about decided that this online world is full of more deluded
people trying to pose as someone they aren't than real and solid
feminine women.
Do not bother contacting me if you aren't who you present yourself
to be as I will not tolerate it.

I'm the girl who was always better friends with the
guys than the other girls.
I've got a savage wit that sends people rolling...
I love to make people .. love to make people laugh.
I value my intelligence above all my other qualities.
The people I admire the most are those that are willing to reach for
their dreams.

13. JUST LAY DOWN RIGHT HERE
words from "HEALER" at AA BRONSON.COM
#Just lay down right here
We, We decide where we can go where we go from here.

We begin by talking. I put my hands on your body tell you what I
find a sort of psychic reading.
I give you a complete full body massage. If you want
I will demonstrate tantric massage as well.
You experience a little of what I do; I experience a little of what
you are.
#

We begin by talking I put my hands on-
Tantric massage releases your energy blocks repressed emotions.
I work with the energy in your body to release enable healing.
Raise energy from the genitals and spread it out.
Your muscles of the anus hold deep-seated traumas our shadow
selves. all we want to hide.
We release the most...most closed-down...closed-down energy,
So just...Just lay down right here #
